DETAILED ACTION

Drawings

1. The drawings are objected to because reference numbers 802 through 807, 809 through 813 in Fig. 8; reference numbers 902 through 905, 907, 908, 910, 912 in Fig. 9; reference numbers 1001 through 1005, 1007, 1008, 1010 in Fig. 10; reference numbers 1101 through 1103, 1107, 1108, 1110, 1111, 1114 in Fig. 11; reference numbers 1201 through 1205 in Fig. 12 are all associated with an empty "black box" which should have a corresponding label.

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Specification

2. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Claim Objections

3. Claims 1, 7-8, 11, 17, 23-25, and 32-35 are objected to because of the following informalities:

a/ in claims 1 and 17, "the memory device type or configuration" (lines 11-12, lines 8-9 in claim 17), "the test results" (line 12, line 9 in claim 17), "said memory devices" (line 20) should be -- a memory device type or configuration --, -- test results --, -- memory devices --, respectively.

Art Unit: 2829

b/ in claims 7, 23 and 32, "the selected output tray or output entry cell" should be -- a selected output tray or output entry cell --.

c/ in claims 8, 24 and 33, "a output tray or a output entry cell", "the selected position" should be -- an output tray or an output entry cell --, -- a selected position --, respectively.

d/ in claim 11, "the wire bonding" should be -- wire bonding --.

e/ in claims 25 and 34, "the memory devices" (lines 3-4) should be -- memory devices --.

f/ in claim 35, "device carrier unit" (line 2) should be -- device carrier units --.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1, 17, and as well as claims 2-11, 18-25, 31-34, the limitations "said test processing unit" (singular), "said test connection unit" (singular), "said memory device type or configuration information", "said test message unit" (singular), "said sorting control unit" (singular), "said sorting output unit" (singular), "said packaging unit" (singular), said "packaging control unit" (singular) have not been recited previously;

Art Unit: 2829

therefore these terms are indefinite. Furthermore, the term "may be" renders the claims indefinite.

In claim 12 and 26, "said device carrier unit" (singular) has not been recited previously; therefore this term is indefinite.

In claims 13, 27 and 36, the limitations "said output tray", "the sorting unit" have not been recited previously; therefore these terms are indefinite. Furthermore, it is not clear "the sorting unit" refers to a sorting output unit or a sorting control unit.

In claims 14, 28 and 37, the limitation "said output tray" has not been recited previously; therefore this term is indefinite.

In claims 15 and 16, the limitation "said tested memory devices" has not been recited previously; therefore this term is indefinite.

In claim 29, the limitations "said sorting output unit" (singular), "said sorting control unit" (singular), "said input interface" (line 8), "said memory device", and "the memory device information" have not been recited previously; therefore these terms are indefinite.

In claim 35, the limitation "said sorting output unit" (singular), "said device carrier unit" (singular) have not been recited previously; therefore these terms are indefinite.

Claim 30 is rejected since it depends on rejected base claim.

Allowable Subject Matter

6. Claims 1-37 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
